## INFORMATION FORM

We like to know a little bit about you before you arrive with us, so that we can anticipate where best to place you as a volunteer:

1. Where are you from in the world?
2. What stage are you at in your life – eg Gap Year? University? Career break? Retired?
3. Tell us a little about your educational background:
4. And any qualifications you may have:
5. What are your skills, talents and hobbies?

Finally, what interests you most about Restart, and where do you see yourself making a difference? It might be in sporting programmes, IT, helping with the small children, inspiring the older ones, playing music or games, assisting in the kitchen, reading stories... or all of these!
